ARTISAN HERITAGE & MODERN CAPACITY

Two Decades of Master Leather Craftsmanship

Founded in 2004 in Sialkot, Pakistan—the globally renowned capital of fine leather goods—Billy Impex operates a premier full-cycle manufacturing facility engineered specifically for international fashion brands, moto apparel labels, and private-label retail chains across the UK, Europe, USA, and Australia.

22+	8,000+	20 Pcs	40+
YEARS OF EXPORT	JACKETS / MONTH	FLEXIBLE LOW MOQ	EXPORT COUNTRIES

✓ Vertical Factory Control

From initial hide grading, precision laser & hand cutting, master stitchers, custom hardware debossing, to final steam pressing, every step is executed strictly in-house under single-roof supervision.

✓ Ethical Labor & Zero Child Labor

We are uncompromisingly committed to SEDEX and BSCI labor standards: fair living wages, hygienic climate-controlled workstations, comprehensive safety gear, and complete traceability.

✓ AQL 2.5 Strict Quality Assurance

Every individual garment undergoes 4-stage quality inspections: hide tensile check, seam stress test, zipper smooth-run validation, and dimensional tolerance checks prior to packaging.

✓ Seamless Global Door Delivery

We hold direct corporate accounts with DHL Express, FedEx Priority, and leading international air cargo lines, guaranteeing 3 to 5 business day transit from Pakistan to UK, EU, and US docks.

RAW MATERIAL ENGINEERING

Premium Hides, REACH Compliance & Hardware

We partner directly with certified eco-conscious tanneries to formulate bespoke leather finishes according to your brand's hand-feel, grain texture, weight, and weatherproofing specifications.

Full-Grain Sheepskin (Nappa) 0.8 – 1.0 mm

Incomparable butter-soft touch with natural pebble grain. Ultra-lightweight and body-contouring, ideal for luxury biker, bomber, and high-fashion streetwear collections.

Finish: Semi-aniline, waxy pull-up, or vegetable tan.

Premium Cowhide & Buffalo 1.1 – 1.3 mm

High-tensile strength leather engineered for rugged durability, heritage cafe racers, and CE-armored motorcycle jackets. Abrasion-tested for superior road protection.

Finish: Drum-dyed, antique distressed, or milled pebble.

Silky Goat Suede & Velour 0.7 – 0.9 mm

Refined velvety nap with rich color saturation and supple drape. Perfect for transitional overshirts, trucker jackets, western fringe coats, and tailored blazers.

Finish: Water-resistant Scotchgard treated suede.

Vintage Nubuck & Wax Pull-Up 1.0 – 1.2 mm

Slightly buffed grain developing a gorgeous aged patina over time. High oil content prevents dry cracking and offers an authentic heritage aesthetic.

Finish: Hot-wax treated for dramatic two-tone shade.

HARDWARE & FASTENERS

- Original YKK Japan brass, gunmetal & silver zippers
- Custom engraved antique brass snap fasteners & rivets
- Cast zinc alloy buckles with lead-free nickel plating
- Reinforced polyester core bonded nylon stitching thread

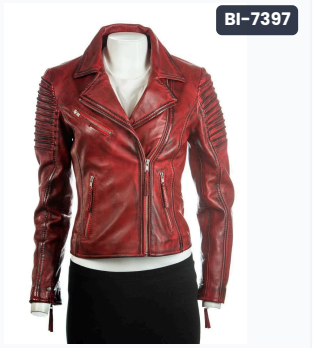

THERMAL LININGS & TRIMS

- Diamond-quilted thermal polyester (75g – 150g wadding)
- Breathable anti-static viscose & Japanese Bemberg lining
- Custom digital printed silk lining with buyer's logo artwork
- 100% natural wool shearling & detachable fur collars

FLAGSHIP OUTERWEAR

Men's Leather Jackets, Vests & Coats

Handcrafted for timeless masculine silhouette, precision ergonomics, and rugged endurance. Available in standard export sizes XS to 4XL or fully bespoke tailored measurements.

END-TO-END PRODUCTION PIPELINE

5-Step Private Label & OEM Roadmap

We transform your digital CAD drawings, physical reference samples, or tech packs into market-ready retail products with complete confidentiality (NDAs signed upon request).

1 **Tech Pack & Spec Sheet Submission**
Send us your vector flat sketch, measurement charts, chosen leather grade, hardware color, and custom branding placements.
Day 1 – 2

2 **Pattern Making & Master Cutting**
Our pattern masters digitize your silhouette for precision grading across all sizes, hand-selecting clean defect-free hides.
Day 3 – 5

3 **Prototype Assembly & Express Sampling**
Sample prototype stitched with all custom zippers, inner lining, and neck tags, then dispatched via DHL Express for buyer fit approval.
Day 7 – 10

4 **Batch Production & AQL 2.5 Quality Inspection**
Upon sample approval, batch production commences under continuous QC monitoring covering stitching density and tensile limits.
18 – 24 Days

5 **Custom Export Packaging & Global Air Dispatch**
Garments packaged with branded garment bags, custom barcode hangtags, moisture-absorbing silica, and boxed in heavy export cartons.
3 – 5 Days Transit

Custom Private Label Capabilities

- Heat Debossed Leather Patches
- Custom Laser Engraved Metal Pullers
- High-Density Woven Neck Damask Labels
- Printed Satin Care & Wash Labels
- FSC Certified Hangtags with Wax Cord
- Biodegradable Frosted Polybags
- Branded Non-Woven Dust Bags
